3 top Scandinavian brands that are perfect for a 2020 interior

Not sure where to start when beginning a new year in interior design? According to [Dezeen](#), 2020's going to be all about sustainability, creativity, natural materials and above all, simplicity. That's the idea, but how can you make it happen in your own home? Read on to get inspired by the next three brands in Skandium's ABC of Scandinavian design.

N is for Nuura's creative lighting

Not only are Nuura's designs incredibly imaginative, but they

capture the essence of light in its simplest form. Take, for example, [Liila 1 Opal/Light Silver Wall/Ceiling Lamp](#), whose spherical glow is the ultimate in creative simplicity. [Blossi Floor Lamp 23cm](#) offers an even more subdued effect, reminiscent of the Nordic light it takes as inspiration. For a design that honours nature, look no further than [Anoli 3 Pendant Lamp](#), whose shape echoes the tranquillity of raindrops.

O is for Oliver Furniture's sustainable design for kids

Sustainability is more than a trend. It's been a cornerstone of Oliver Furniture's ethos since its founding in 2003. Introduce the little ones to great design with the [Seaside Junior Bed 90x160cm \(with conversion kit\)](#): not only is it a timeless classic, but with the conversion kit, it can

adapt throughout a child's development. Oliver Furniture's [Nursery dresser white/oak](#) is a stunning multifunctional piece made from natural oak, which saves parents from having to buy multiple items. The new [PingPong children's Table](#) honours simplicity and will last long beyond childhood.

Natural materials from PP Møbler

Family-owned joinery PP Møbler is dedicated to the beauty of natural wood. The lovingly crafted [PP589 Bar bench](#) is a seamless way to bring nature into your home, with its subtle design and its six available wood finishes. For more seating with a natural look, discover the [PP68 Chair](#), which celebrates the strength of wood, and incorporates natural paper cord into the seat. Wood not your thing but still looking for that touch

of nature? PP225 Flag Halyard chair is constructed from stainless steel and linen. The neck cushion and sheepskin come included (all of PP Møbler's sheepskins come from Iceland and are by-products of free-range food production).

So whichever 2020 trend you want to focus on in your home, Skandium has you covered. This January, bring your home into a new decade with designs that are versatile and sustainable in appearance and construction. Visit the Skandium online shop for the best that Scandinavia has to offer, and show us what's new with you for 2020 on Instagram.
